Dear Law Enforcement Official:

In 2015, my office, along with the Cook County State’s Attorney’s Office, the St. Clair County State’s Attorney’s Office, and the Illinois Coalition Against Sexual Assault, created the Joint Sexual Assault Working Group to address troubling statistics that showed only a fraction of sexual assault victims report their assaults to law enforcement authorities. The Working Group, comprised of stakeholders from the criminal justice, victim advocacy, and medical communities as well as state agencies, drafted the Sexual Assault Incident Procedure Act, P.A. 99-801, seeking to improve the response of the criminal justice system to victims of sexual assault and sexual abuse.

The trauma of sexual assault and sexual abuse often leads to severe mental, physical, and economic consequences for the victim. A victim’s ability to recover from this trauma has been directly linked to the response of others, particularly the response of law enforcement authorities to a victim who comes forward to report the crime. The response of law enforcement can directly impact a victim's ability to heal as well as her or his willingness to actively participate in a law enforcement investigation.

Improving the response of the criminal justice system to victims of sexual assault and sexual abuse is also critical to the effort to identify and prosecute sexual predators and to prevent offenders from staying in our communities to commit new crimes.

Sexual Assault and Sexual Abuse Response Policy

The Sexual Assault Incident Procedure Act, 725 ILCS 203/15(a), requires that on or before January 1, 2018, every law enforcement agency shall develop, adopt, and implement written policies regarding procedures for incidents of sexual assault or sexual abuse that are consistent with comprehensive guidelines (“Comprehensive Guidelines”) developed and made available by the Office of the Illinois Attorney General in consultation with the Illinois Law Enforcement Training and Standards Board and the Illinois State Police.

The Comprehensive Guidelines developed pursuant to Section 15(a) reflect an evidence-based, trauma-informed, victim-centered approach to responding to sexual assault and sexual abuse. To assist law enforcement agencies with the development of a sexual assault and sexual abuse response policy, we have drafted sample policy language consistent with the Comprehensive Guidelines. Law enforcement agencies are not required to adopt language identical to the sample but may use or modify the language to meet the needs of their officers. The Comprehensive Guidelines and sample language are also available at http://www.illinoisattorneygeneral.gov/victims/improvingresponsetosa_il.html.
Required Protocols

The Sexual Assault Incident Procedure Act also requires agencies to develop protocols to implement certain provisions of the Act. The Act specifically requires:

1. A protocol for providing information to a victim on the storage of sexual assault evidence collected at a hospital and how the victim can consent to the testing of the evidence once she or he has left the hospital. 725 ILCS 203/30(e)

2. A protocol for responding to victims who want to sign a written consent to have sexual assault evidence, currently being stored by the agency, tested. 725 ILCS 203/30(f)

3. A protocol to ensure that victims who requested to be notified prior to the end of the period for storing sexual assault evidence are provided with notice prior to the disposal of the evidence. 725 ILCS 203/30(f)

Thank you for your dedication to the victims of sexual assault and sexual abuse and your partnership in implementing the requirements of the Sexual Assault Incident Procedure Act.

Please contact Cordelia Coppleson, Assistant Attorney General and Law Enforcement Training Project Coordinator, with any questions regarding the Act or to request a Microsoft Word version of these documents at 312-814-2824 or ccoppleson@atg.state.il.us.

The following Comprehensive Guidelines reflect an evidence-based, trauma-informed, victim-centered approach to responding to and investigating sexual assault and sexual abuse. Under the Sexual Assault Incident Procedure Act, all Illinois law enforcement agencies must develop, adopt, and implement written policies regarding procedures for incidents of sexual assault or sexual abuse that are consistent with these Comprehensive Guidelines by January 1, 2018.
COMPREHENSIVE GUIDELINES FOR CREATION OF A LAW ENFORCEMENT AGENCY POLICY ON EVIDENCE-BASED, TRAUMA-INFORMED, VICTIM-CENTERED SEXUAL ASSAULT AND SEXUAL ABUSE RESPONSE AND INVESTIGATION PURSUANT TO 725 ILCS 203/15(b) (“COMPREHENSIVE GUIDELINES”)

Pursuant to 725 ILCS 203/15(a), every law enforcement agency shall develop, adopt, and implement written policies regarding procedures for incidents of sexual assault or sexual abuse consistent with these guidelines by January 1, 2018.

PURPOSE AND SCOPE

The trauma of sexual assault and sexual abuse often leads to significant emotional, physical, and economic consequences for the victim. The diminished ability of victims to recover from their sexual assault or sexual abuse has been directly linked to the response of others to their trauma. The response of law enforcement can directly impact a victim's ability to heal as well as his or her willingness to actively participate in the investigation by law enforcement.

Victim participation is critical to the successful identification and prosecution of sexual offenders, which can prevent new victimization. For this reason, improving the response of the criminal justice system to victims of sexual assault and sexual abuse is critical to protecting public safety.

I. POLICY

Each law enforcement agency will:
1. Treat sexual assault and sexual abuse as criminal conduct.
2. Respond to calls for assistance without unnecessary delay.
3. Take all reasonable steps to prevent further retraumatization of sexual assault victims and to ensure referrals for follow-up services are provided to victims and witnesses.

III. DEFINITIONS

1. “Consent” means a freely given agreement to the act of sexual penetration or sexual conduct in question. Lack of verbal or physical resistance or submission by the victim resulting from the use of force or threat of force by the accused will not constitute consent. The manner of dress of the victim at the time of the offense will not constitute consent. A person who initially consents to sexual penetration or sexual conduct is not deemed to have consented to any sexual penetration or sexual conduct that occurs after he or she withdraws consent during the course of that sexual penetration or sexual conduct. [720 ILCS 5/11-1.70]

2. "Evidence-based, trauma-informed, victim-centered" means policies, procedures, programs, and practices that have been demonstrated to minimize retraumatization associated with the criminal justice process by recognizing the presence of trauma symptoms and acknowledging the role that trauma has played in a sexual assault or sexual abuse victim's life and focusing on the needs and concerns of a victim to ensure compassionate and sensitive delivery of services in a nonjudgmental manner. [725 ILCS 203/10]

3. “Law enforcement agency having jurisdiction” means the law enforcement agency in the jurisdiction where an alleged sexual assault or sexual abuse occurred. [725 ILCS 203/10]

[410 ILCS 70/1a; 725 ILCS 203/10]

5. "Sexual assault or sexual abuse" is defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act. An act of nonconsensual sexual conduct or sexual penetration, as defined in Section 11-0.1 of the Criminal Code of 2012, including, without limitation, acts prohibited under Sections 11-1.20 through 11-1.60 of the Criminal Code of 2012. iv. If samples are taken by the hospital for medical purposes, the officer may not request that the hospital test a victim’s blood or urine without consent of the victim.

v. With victim consent, any urine samples collected should be sent to an Illinois State Police Forensic Science Laboratory or other appropriate laboratory (Northeastern Illinois Regional Crime Laboratory or DuPage County Forensic Science Center) for analysis.

vi. Notify a victim that once a written consent form for analysis is signed, he or she has 48 hours to revoke consent. [ISP 6-386 (4/16)]

7. Victims’ Rights and Victim Notification [725 ILCS 203/15(b)(16); (17)]

a. Victims have rights provided by the Illinois Constitution, the Rights of Crime Victims and Witnesses Act, and the Crime Victims Compensation Act. Law enforcement agencies must provide the Statement of Crime Victims’ Rights to victims within 48 hours of initial contact. See Appendix A. [725 ILCS 120/4(b)]

b. Agencies will provide information concerning the availability of crime victim compensation and advise the victim to contact the Attorney General’s office for more information and to file a claim. [740 ILCS 45/5.1(b)]

c. Agencies will advise the victim of the right to information regarding the status of the investigation from the law enforcement agency having jurisdiction unless disclosure of such information would unreasonably interfere with the investigation. [725 ILCS 120/4.5(a)]

d. Victims have the right to request information regarding the submission and testing of forensic evidence. [725 ILCS 203/35]

i. Upon the request of the victim who has consented to the testing of sexual assault evidence, provide the following information in writing:

(a) the date the sexual assault evidence was sent to an Illinois State Police Forensic Science Laboratory or other appropriate laboratory (Northeastern Illinois Regional Crime Laboratory or DuPage County Forensic Science Center), within 7 days of submitting the evidence to a laboratory;

(b) test results provided to the law enforcement agency by the laboratory, within 7 days of receipt of the results by the agency, including, but not limited to whether:

(i) a DNA profile was obtained from the testing of the sexual assault evidence from the victim's case;

(ii) the DNA profile developed from the sexual assault evidence has been searched against the DNA Index System or any state or federal DNA database;

(iii) an association was made to an individual whose DNA profile is consistent with the sexual assault evidence DNA profile, provided that disclosure would not impede or compromise an ongoing investigation; and

(iv) any drugs were detected in a urine or blood sample analyzed for drug-facilitated sexual assault and information about any drugs detected.
ii. When a victim has signed a consent form to test sexual assault evidence, provide the victim with written information informing the victim of his or her right to request this information. “Mandatory Notice of Victim’s Right to Information Regarding Sexual Assault Evidence Form” P.A. 99-0801 – Form B may be used. [725 ILCS 203/35] See Appendix.

8. Working with the Prosecutor [725 ILCS 203/15(b)(15)]
Develop a relationship with the county state’s attorney’s office to create procedures for investigations, arrests, and prosecution decisions.

9. Consideration for Specific Populations/Communities [725 ILCS 203/15(b)(18)]
   a. Each agency should commit to making sure all officers have the best training and skills necessary to provide services to every community. Each community must feel that their needs are understood and respected or their confidence in law enforcement personnel to meet these needs may be diminished. Lack of confidence in law enforcement can adversely impact cooperation in reporting and providing information regarding sexual assault and sexual abuse.
   b. Resources regarding specific populations/communities can be found at http://www.illinoisattorneygeneral.gov/victims/improvingresponsetosa_il.html.

10. Agency Partnerships with Victim Advocates and Sexual Assault Response Teams (SARTs) [725 ILCS 203/15(b)(13); (14)] Agencies are encouraged to partner with community organizations and advocates to create a more supportive atmosphere for victims throughout the reporting and investigation process.

MANDATORY NOTICE FOR
SURVIVORS OF SEXUAL ASSAULT*

MEDICAL AND FORENSIC SERVICES

Survivors of sexual assault should seek medical attention as soon as possible. You may request transportation to the hospital.

Services Available
If you request medical forensic services, the hospital must offer a general medical exam, treat injuries, evaluate the need for medications, and collect forensic evidence. Upon request, a hospital must perform a forensic exam and complete an evidence kit up to 7 days after the assault regardless of your age.

Evidence Preservation
You may not be sure whether or not you want to participate in the criminal justice process right now, but it is important to know that critical evidence may be lost if you change clothes; bathe, shower or douche; use the restroom; eat; smoke; or brush teeth or gargle, depending on the nature of the attack.

The sooner the medical forensic exam is performed, the more evidence is available for collection.

Storage of Evidence
If evidence is collected from you, but you are unsure about allowing law enforcement to test the evidence, the evidence will be stored for 5 years or, if you are under the age of 18, until your 23rd birthday. You can consent to test the evidence at any time during this period.

You will NOT be billed for any services provided in the emergency room. In addition, if you are eligible, the hospital will give you a voucher for 90 days of follow-up care.

CIVIL NO CONTACT ORDERS / ORDERS OF PROTECTION
Survivors of sexual assault may petition for a Civil No Contact Order (CNCO) or an Order of Protection (OP) that can order the offender to:

- Stay away from you and away from specific locations, such as your residence, your work, and your school
- Have no contact with you

The CNCO or OP can be obtained in civil court at a local courthouse. You will not pay a fee for requesting the order. While you can obtain a CNCO or OP on your own, it is best done with the assistance of an advocate or attorney. If the courthouse is closed but a judge is available, you may request that the officer provide or arrange transportation to the judge.

You may be able to obtain sexual assault support services for free. These services include advocacy, counseling, assistance with information about the medical forensic exam, understanding the criminal justice system, and obtaining a Civil No Contact Order or an Order of Protection.
